Wedding Checklist

Thank you for allowing Mr. Tux to serve you. Here are a few tips which will make the days before your wedding smoother.

- The price of the rentals for your wedding have been quoted based on the styles and dates that you have selected. If the style of rentals or the dates are changed, your prices may change.
- Measurements must be completed and turned into us by: _____ (30 Days after booking) or discounts may not be honored. Late measurements arriving after this date could also be billed an additional \$50 per individual & availability cannot be guaranteed. Children need to be measured no sooner than 6 weeks and no later than 4 weeks before the wedding date.
- Out of town measurements from a location not listed on tuxedofit.com can be charged \$50.
- Appointments for measurements are required for all measures, and can be booked directly on our website. Please remind the guys to bring dress socks to the fitting for accurate shoe fitting. If they are not renting shoes please have them bring the shoes that they will be wearing to the wedding.
- Tuxedos may be picked up after notification on the Thursday prior to your wedding, (or Friday). We will coordinate with the groom if your items are ready prior to Thursday.
- When you pick up your tuxedo, we will perform a final fitting to ensure the correct fit. Please remind the guys to bring dress socks for shoe fitting. If wearing their own shoes then please bring those for the fitting.
- If anyone declines a final fitting, they must try on the garments upon receiving and immediately notify Mr. Tux of any issues. We are able to make adjustments, but only if we are given ample time.
- Tuxedos must be returned by Monday 8pm (NEXT business day after the wedding). It is a good idea to have one person return tuxedos for all attendants for your wedding. Uber offers a delivery service if you cannot make it back to the shop. And our drop box is available 24/7.
- We accept only Cash or Credit for payments & deposits within two weeks of your wedding. No checks on final payments. There are no refunds on cancellations.
